

Ashley Centre Takes Great Pride In Its Green Credentials

Ashley Shopping Centre takes pride in its collaboration with sustainable partners such as BREEAM, GRESB, and Longevity to deliver eco-friendly solutions for a more sustainable future.

HEALTH & WELLBEING

SAFETY

Safety always comes first at Ashley Centre, we are proud to work with IOSH accreditation, and highly trained personnel reporting zero accidents and claims. Our team is always on hand to help manage any situation safely for you.

AIR QUALITY

Excellent air quality and low CO₂ is critical. We have fitted CO₂ and air quality monitoring sensors to communal space to ensure efficiency.

SMOKE / VAPE

As we are an indoor scheme there is a strict policy in place for no smoking or vaping in communal, confined and congested areas.

FREE WATER

We advocate for a lifestyle that promotes well-being and minimises plastic usage. Take a glance at our complimentary water fountain and witness the significant number of plastic bottles we've spared.

FIRST AID & MENTAL HEALTH & DEFIBRILLATOR

Throughout Ashley Centre we have dedicated first responders, first aiders, and trained mental health colleagues. We work closely with many partners across the town including the blue light services, supporting the SOS bus and having defibrillators always available on site.

ENERGY

SOLAR PLANNING

Consultants are currently reviewing a comprehensive customised solar panel proposal for Ashley Centre, which has the potential to deliver complete self-sustainable power.

LED LIGHTING

All lighting through the precinct, communal areas and beyond has been replaced with efficient energy-saving LED lighting.

EV CHARGING

Located in the adjacent council carpark, our joint facility boasts advanced vehicle charging infrastructure, incorporating forward-looking designs to accommodate future advancements in technology.

MONITORING

We utilise the best value in energy procurement with consultants, monthly utility consumption reads and monitoring with SMART meters.

SOCIAL & GOVERNANCE

INCLUSIVENESS & DIVERSITY

Ashley Centre is dedicated to creating an inclusive environment where everyone feels valued. By celebrating diversity and embracing differences, the centre fosters a sense of unity among shoppers and staff, ensuring a vibrant and exceptional shopping experience for all.

COMMUNITY & BIODIVERSITY

We work with many community and charity partners throughout the city to maximise our social impact in the wider community.

PROCUREMENT

We work with suppliers to deliver the best practices in the procurement processes that are safe, ethical, local, sustainable and best value.

ENVIRONMENT

100% RECYCLE & ZERO LANDFILL

All waste collected from Ashley Centre undergoes a systematic processing procedure, including the following steps:

- Cardboard is transported directly to the mill for recycling into new cardboard products.
- Mixed municipal waste undergoes a rigorous sorting process, where various recyclable elements are separated for subsequent reprocessing.
- Residual waste that cannot be further recycled is directed to incineration, thereby contributing to energy generation. (Refuse derived fuel - RDF)

TRAVEL

COMMUTE

Secure cycling storage, multiple train and bus stations and beautiful parks offer incentives for green travel through the town.

CERTIFICATIONS

GRESB / BREEAM

We collaborate with a multitude of global industry experts, we diligently oversee and enhance the pinnacle of endeavours in Environmental, Social, and Governance (ESG) and sustainability solutions.
